PROFESSIONAL SUMMARY

Skilled Full-Stack Developer with expertise in React.js, Supabase, Python, and C#. Led front-end and back-end development as Lead Programmer during a university internship, managing the full development lifecycle. Proficient in UI/UX, accessibility, and performance optimization, delivering high-quality, scalable applications. Despite having cerebral palsy, I excel in problem-solving, adaptability, and teamwork. Recognized for leadership in both academic and project settings, I'm committed to learning new technologies and contributing to impactful projects in fast-paced environments.

TECHNICAL SKILLS

- **Languages & Frameworks:** C#, JavaScript, React.js, Typescript, Python, Java
- **Web Technologies:** Supabase, Webpack, Git Version Control, Web Applications
- **Software & Tools:** Adobe Photoshop, Canva, Microsoft Office, Google Workspace
- **Other Skills:** UI/UX Design, Social Media Content Creation, Video Editing, Troubleshooting, Problem-Solving

PROFESSIONAL EXPERIENCE

React Developer Intern
Laguna State Polytechnic University
February 2024 – June 2024

- Led full-stack development as the Lead Programmer, driving the implementation of front-end and back-end features.
- Utilized React.js for front-end development, Supabase for authentication and database management, ensuring seamless integration between components.
- Developed interactive and responsive UI components, managed state efficiently, and optimized performance across the application.
- Debugged and resolved issues, enhancing functionality, and collaborated with the team to meet project objectives.

Student Office Worker
SPESS Laguna | Municipality of Mabitac, Laguna
January 2021 – June 2021

- Assisted in administrative tasks and supported technical operations within the municipal office.
- Gained experience in task management, document handling, and collaborating with colleagues to fulfill office duties.
